McKechnie® Aluminium is Australasia's leading integrated aluminium extrusion specialist. We focus on delivering precision-engineered components that fit seamlessly into our customer's products. We build strong partnerships with our customers and are able to take on challenges and imagine solutions that others can't. Contact McKechnie® Aluminium for all your aluminium extrusion, surface finishing and fabrication requirements.

PLEASE NOTE:

All sections shown in this catalogue are standard extrusion sections, available for New Zealand based customers. For any custom-made requirements, please contact us directly on 0800 625 000.

This catalogue lists extrusion sections available ex-stock only, however, stocked items may change due to market demands. Standard geometric sections are available in 5 metre lengths, 6060 alloy, unless specified. Pacific commercial door and shopfront are available in standard industry lengths, 6060 alloy.

Some sections may be held ex-stock in anodised natural or powder coated. Sections that are not held in surface finish can be powder coated or anodised and despatched within 5 working days from receipt of order.
